

How to clean & condition Leather and Vinyl

Clean

Spray On > Scrub > Damp Towel > Dry Towel

- 1 Take two microfiber or cotton towels and fold them in half twice to make a square. Wet one with fresh water and wring it out until it is only damp.
- 2 Spray the area to be cleaned with **Leather Soap**
- 3 Gently scrub the area with the **Aero Scrubber** or a soft bristle brush.
- 4 Wipe the area clean with the damp towel. Make sure to remove all the dirt and soap. Repeat this step until you can no longer pick up any dirt with the damp towel.
- 5 Take the dry microfiber towel and thoroughly dry the area.
- 6 Repeat steps 1-5 until everything has been cleaned.

Condition

Spray On > Soak > Damp Towel > Dry Towel

- 1 Spray **Leather Care** on the leather or vinyl.
- 2 Let soak for a minimum of 30 minutes.
- 3 Wipe leather or vinyl with a damp towel.
- 4 Wipe dry with a dry towel.

Wash Wax ALL is excellent as a light cleaner and protectant between cleanings.
